

Fishbowl Discussion

Fishbowl Discussion

- **Position 1:** „Digital Transformation is valuable! We need the digital transformation to push forward sustainable development in general and for leveraging effectively social innovation.“
 - Group 1 & 2
- **Position 2:** „Digital Transformation is (too) risky! If we push forward digital transformation, that will only in some dimensions support sustainable development. There are more risks than chances for social innovations.“
 - Group 3 & 4
- **Process:** Prepare the fishbowl in your group. Find scientifically rooted arguments, if possible find quantitative arguments. (~ 90 Minutes)
