by connecting people  
and nature today**

**UNESCO MAB - Global Communication Strategy**

EuroMAB - Audiences & Messaging

# Lima Action Plan:

## Strategic Action Area D

Comprehensive, modern, open, and transparent communication, information and data sharing

D2. Increased awareness of all aspects of the MAB Programme

D2.1. Create a communication strategy and an action plan

# MAB Global Communication Strategy

## Development timeline

The Lima Action Plan has established a clear and pressing mandate for MAB to develop a global communication strategy.

MAB has the opportunity to create a communication strategy that inspires how the entire network engages - with each other and with stakeholders. This strategy should be developed by the network, for the network.

**Today:**

## **Content for the Global Communication strategy**

- **Co-creating the global communication strategy**
- **Draft objectives**
- **Audiences**
- **Messaging**

# What makes a good strategy?

## “Modern, open & transparent communication”

**COMMUNICATION**

**VS.**

**ENGAGEMENT**

# What makes a good strategy?

“Modern, open & transparent communication”

Changing how we engage:

## The big shift

The way we tell our story can change to more effectively engage people on what a biosphere reserve is, why it is important to them and how they can get involved.

Consider each of these shifts when you are creating your engagement plans.

**Broadcast**

**Conversation**

*Less talking to, more talking with*

**Explain**

**Inspire**

*Less words and justification, more inspiration and images*

**Place**

**People**

*Less geography, more human*

**Facts**

**Stories**

*Less data sharing, more storytelling*

**Regulation**

**Opportunity**

*Less about things people can't do, more about what they can*

# What makes a good strategy?

## Using the toolkit

### Set objectives

Aligning all engagement activity to engagement outcomes

### Target audiences

Getting specific on who you are engaging and what they care most about in order to connect with them

### Create messaging

Considering inspirational key messages, and who your target audience will listen to

### Choose activities

Selecting the best method to deliver your message to the target audience to have the greatest measurable impact

What does success look like?

## Set objectives

Aligning all engagement activity to engagement outcomes

## Target audiences

Getting specific on who you are engaging and what they care most about in order to connect with them

## Create messaging

Considering inspirational key messages, and who your target audience will listen to

## Choose activities

Selecting the best method to deliver your message to the target audience to have the greatest measurable impact

**Measurement**

What does success look like?

Who are we involving?

## Set objectives

Aligning all engagement activity to engagement outcomes

**Regulation**

**Opportunity**

*Less about things people can't do, more about what they can*

# Objective Setting Session: Working together to set outcomes

Participants were asked to explore objectives for the strategy on two levels:

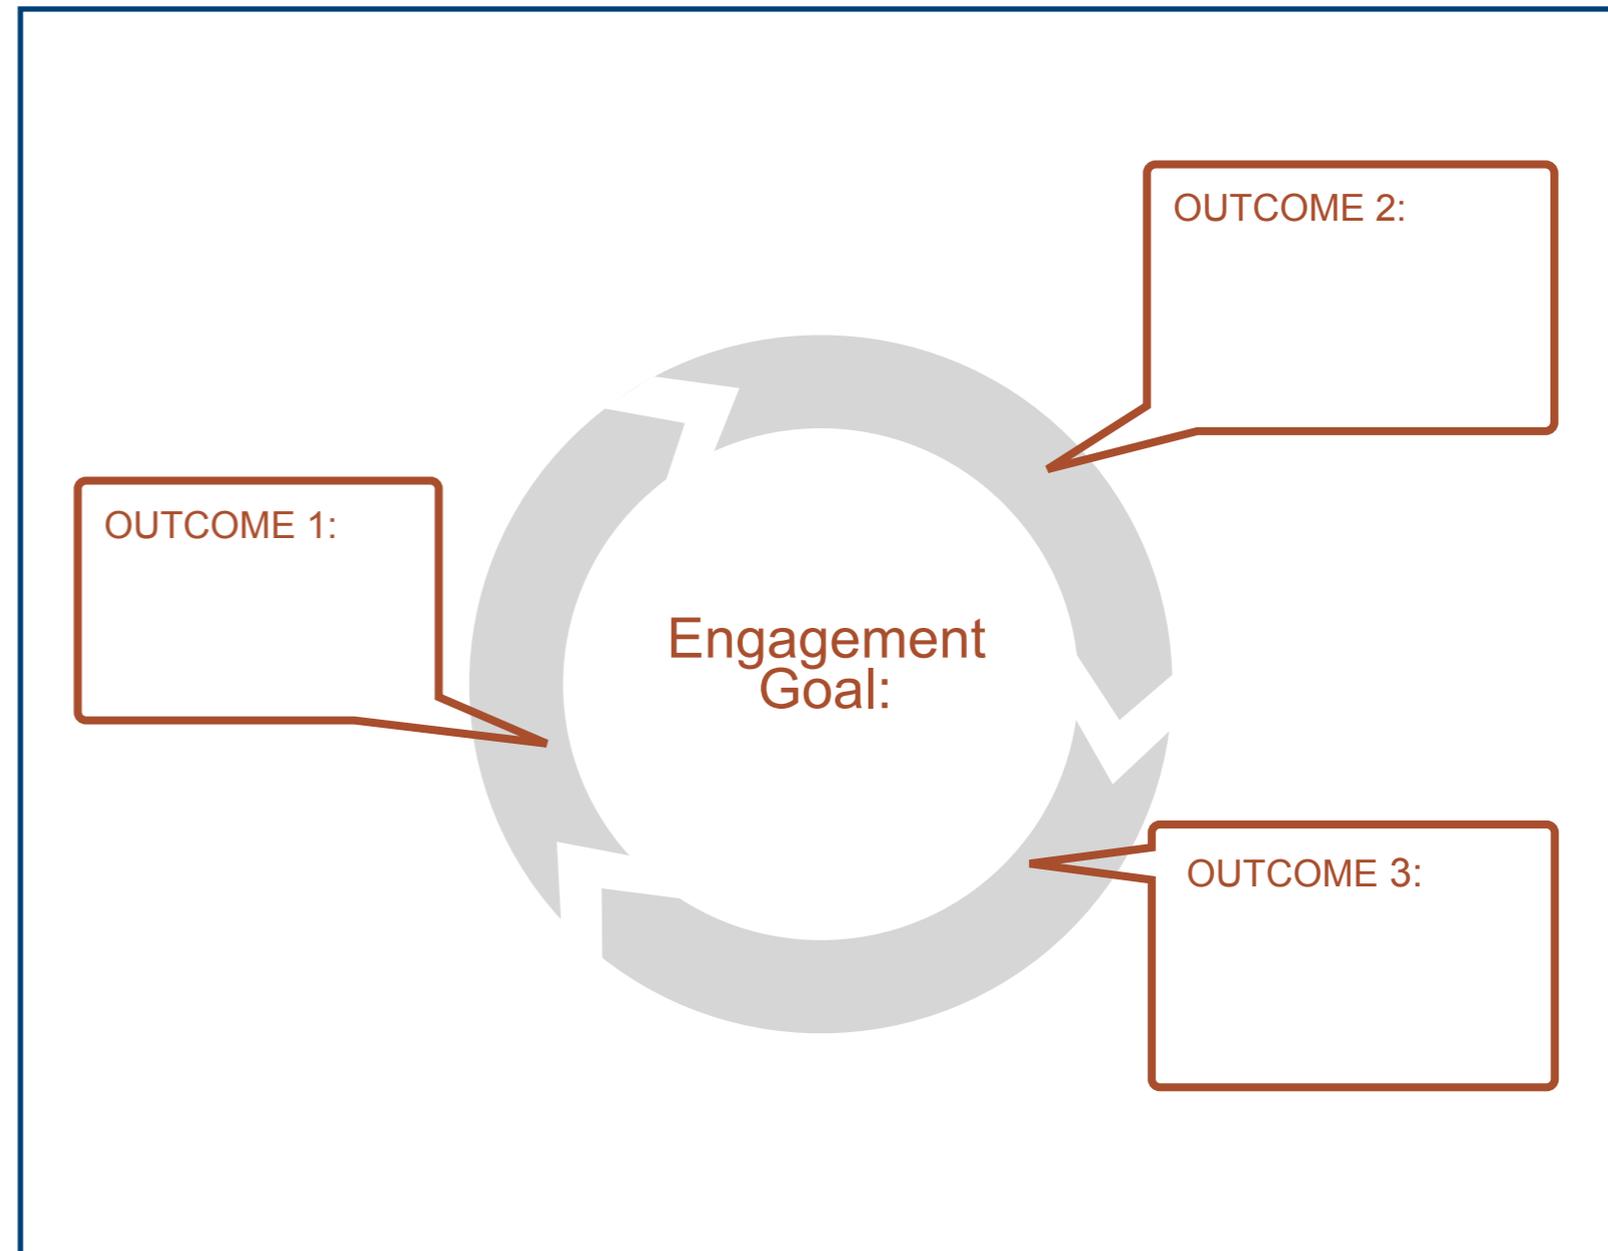

## Engagement Goal

A strategic communication objective that outlines what success looks like for communication within the network by 2025

## Communication Outcomes

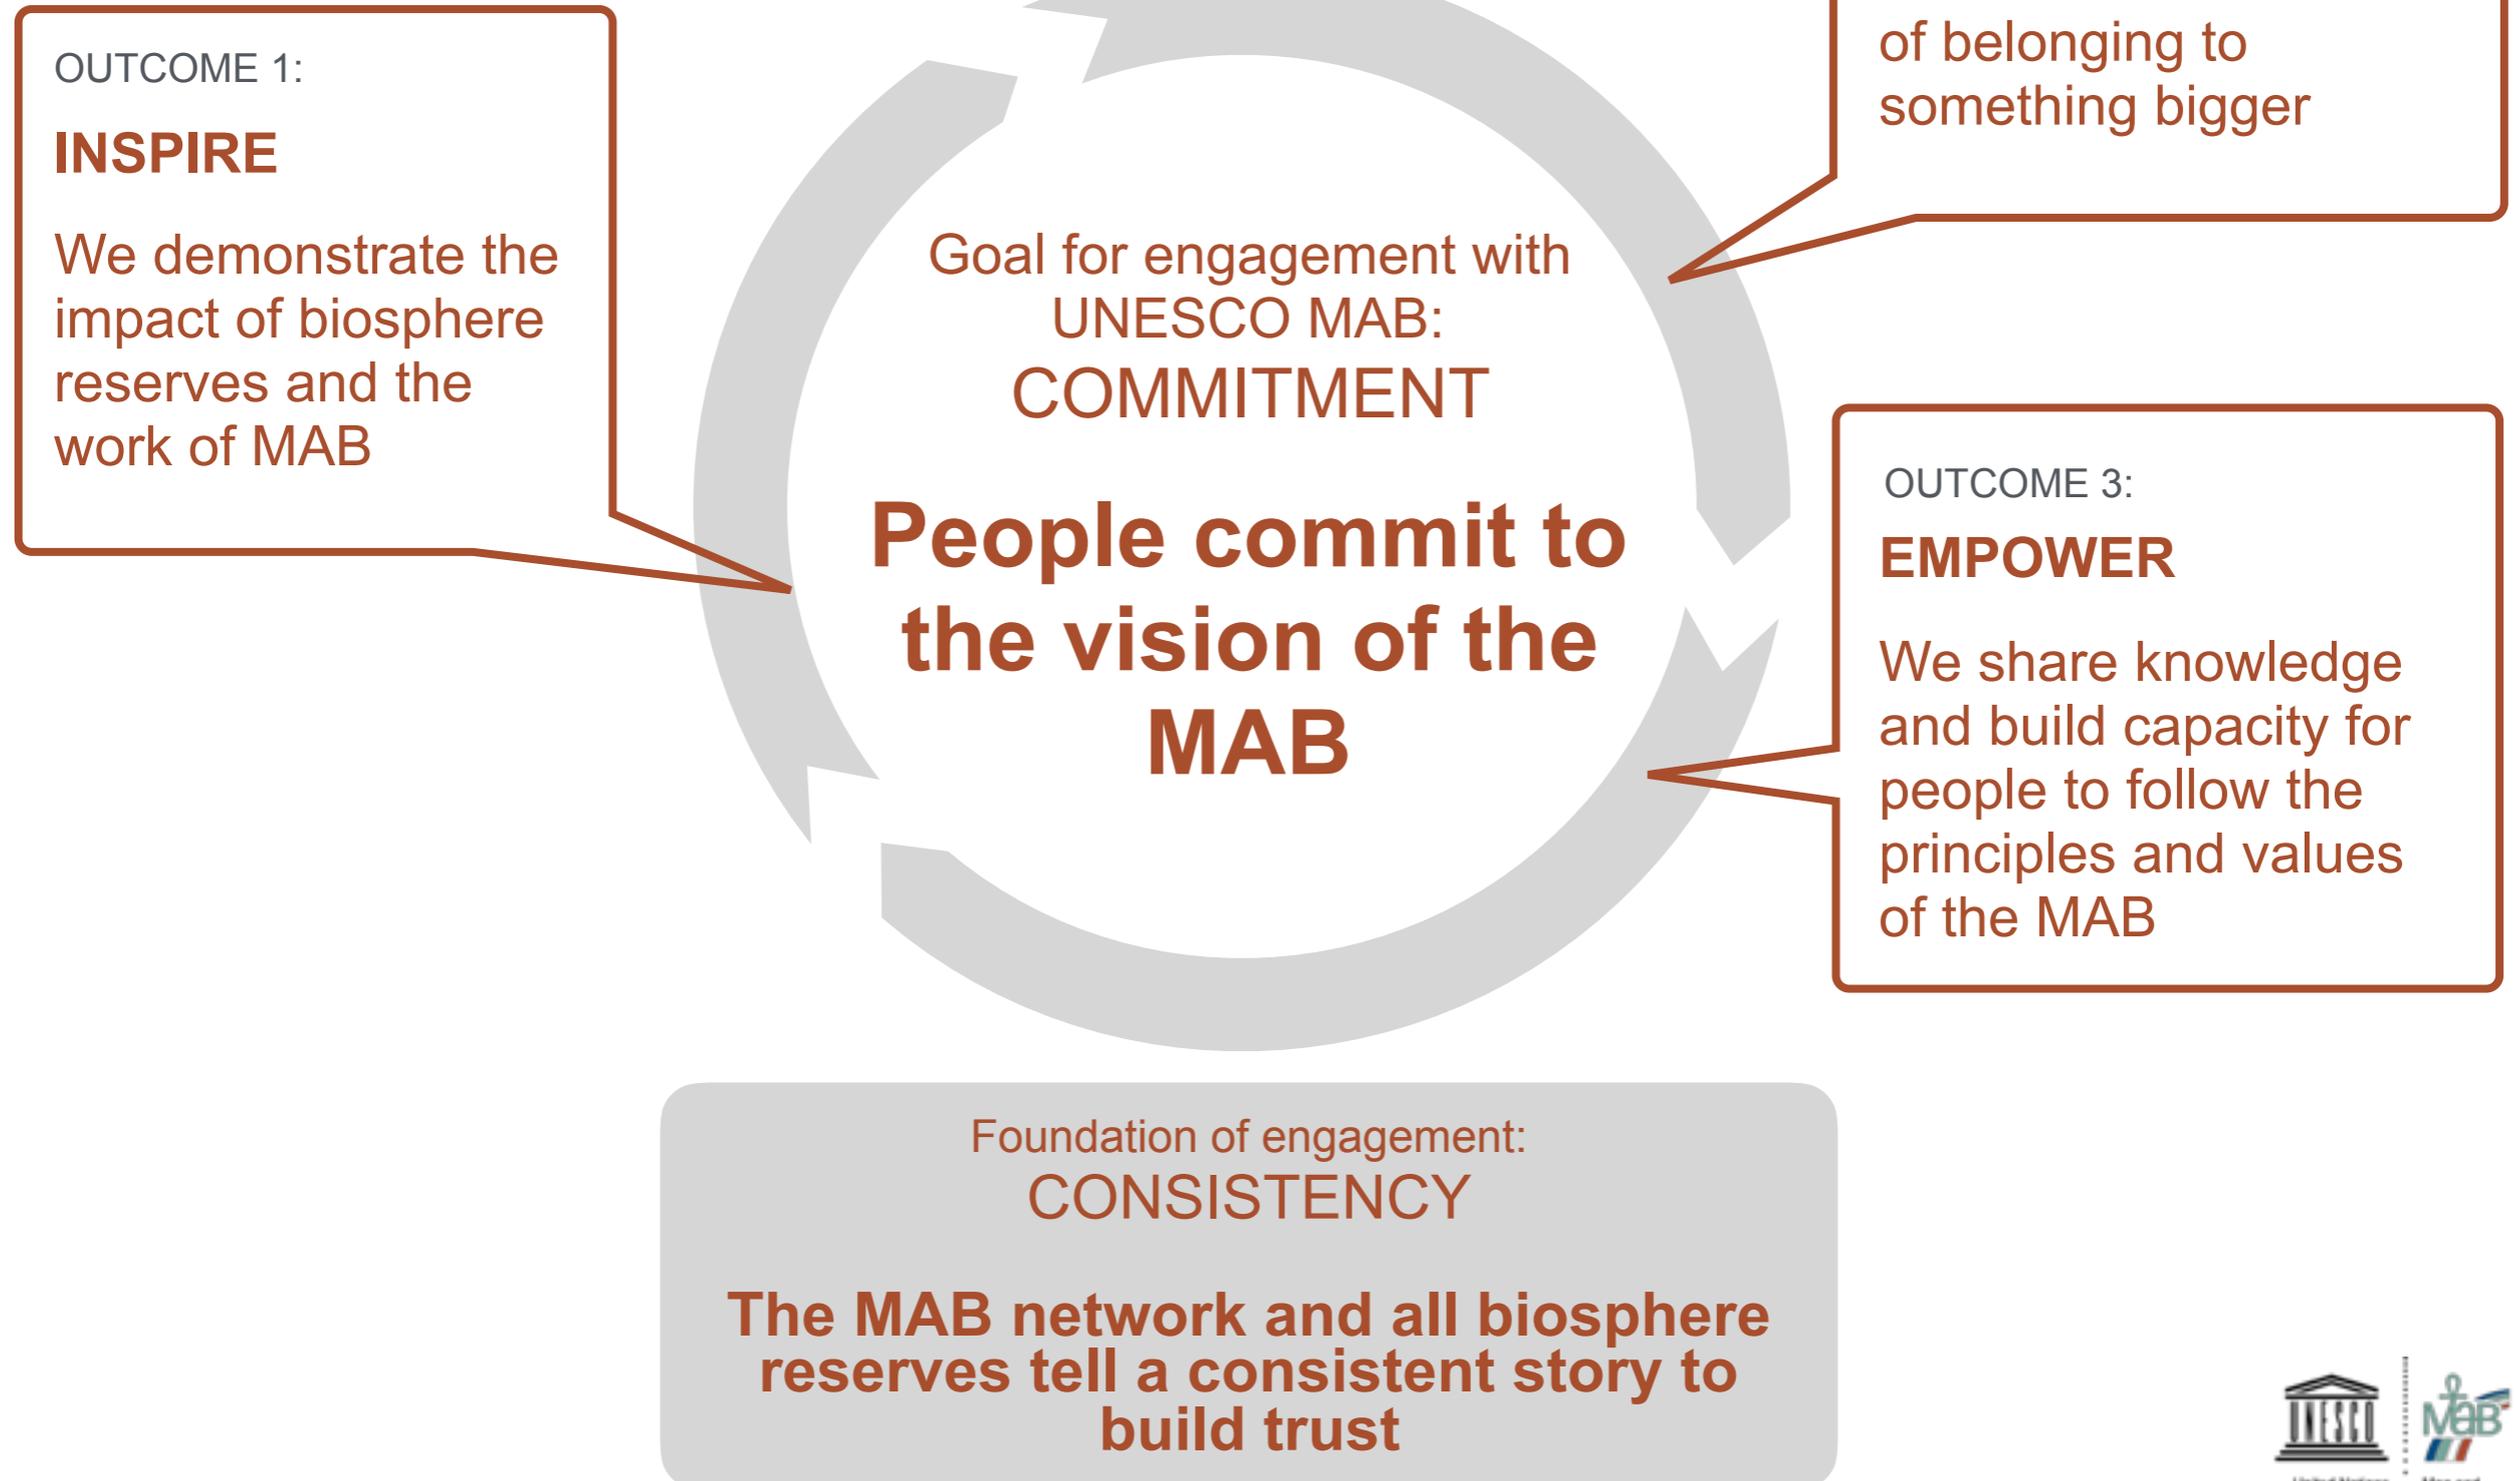

Tactical objectives that should be achieved to reach the engagement goal.

The circular shape of the outcomes around the goal refers to communication as a holistic journey - with the ability of the MAB to execute action plans to meet communication outcomes depending on stakeholder needs.

# MAB Communication Strategy

## Draft objectives

**For discussion:**

**Why is it important that we begin to tell a consistent story about biosphere reserves and the network?**

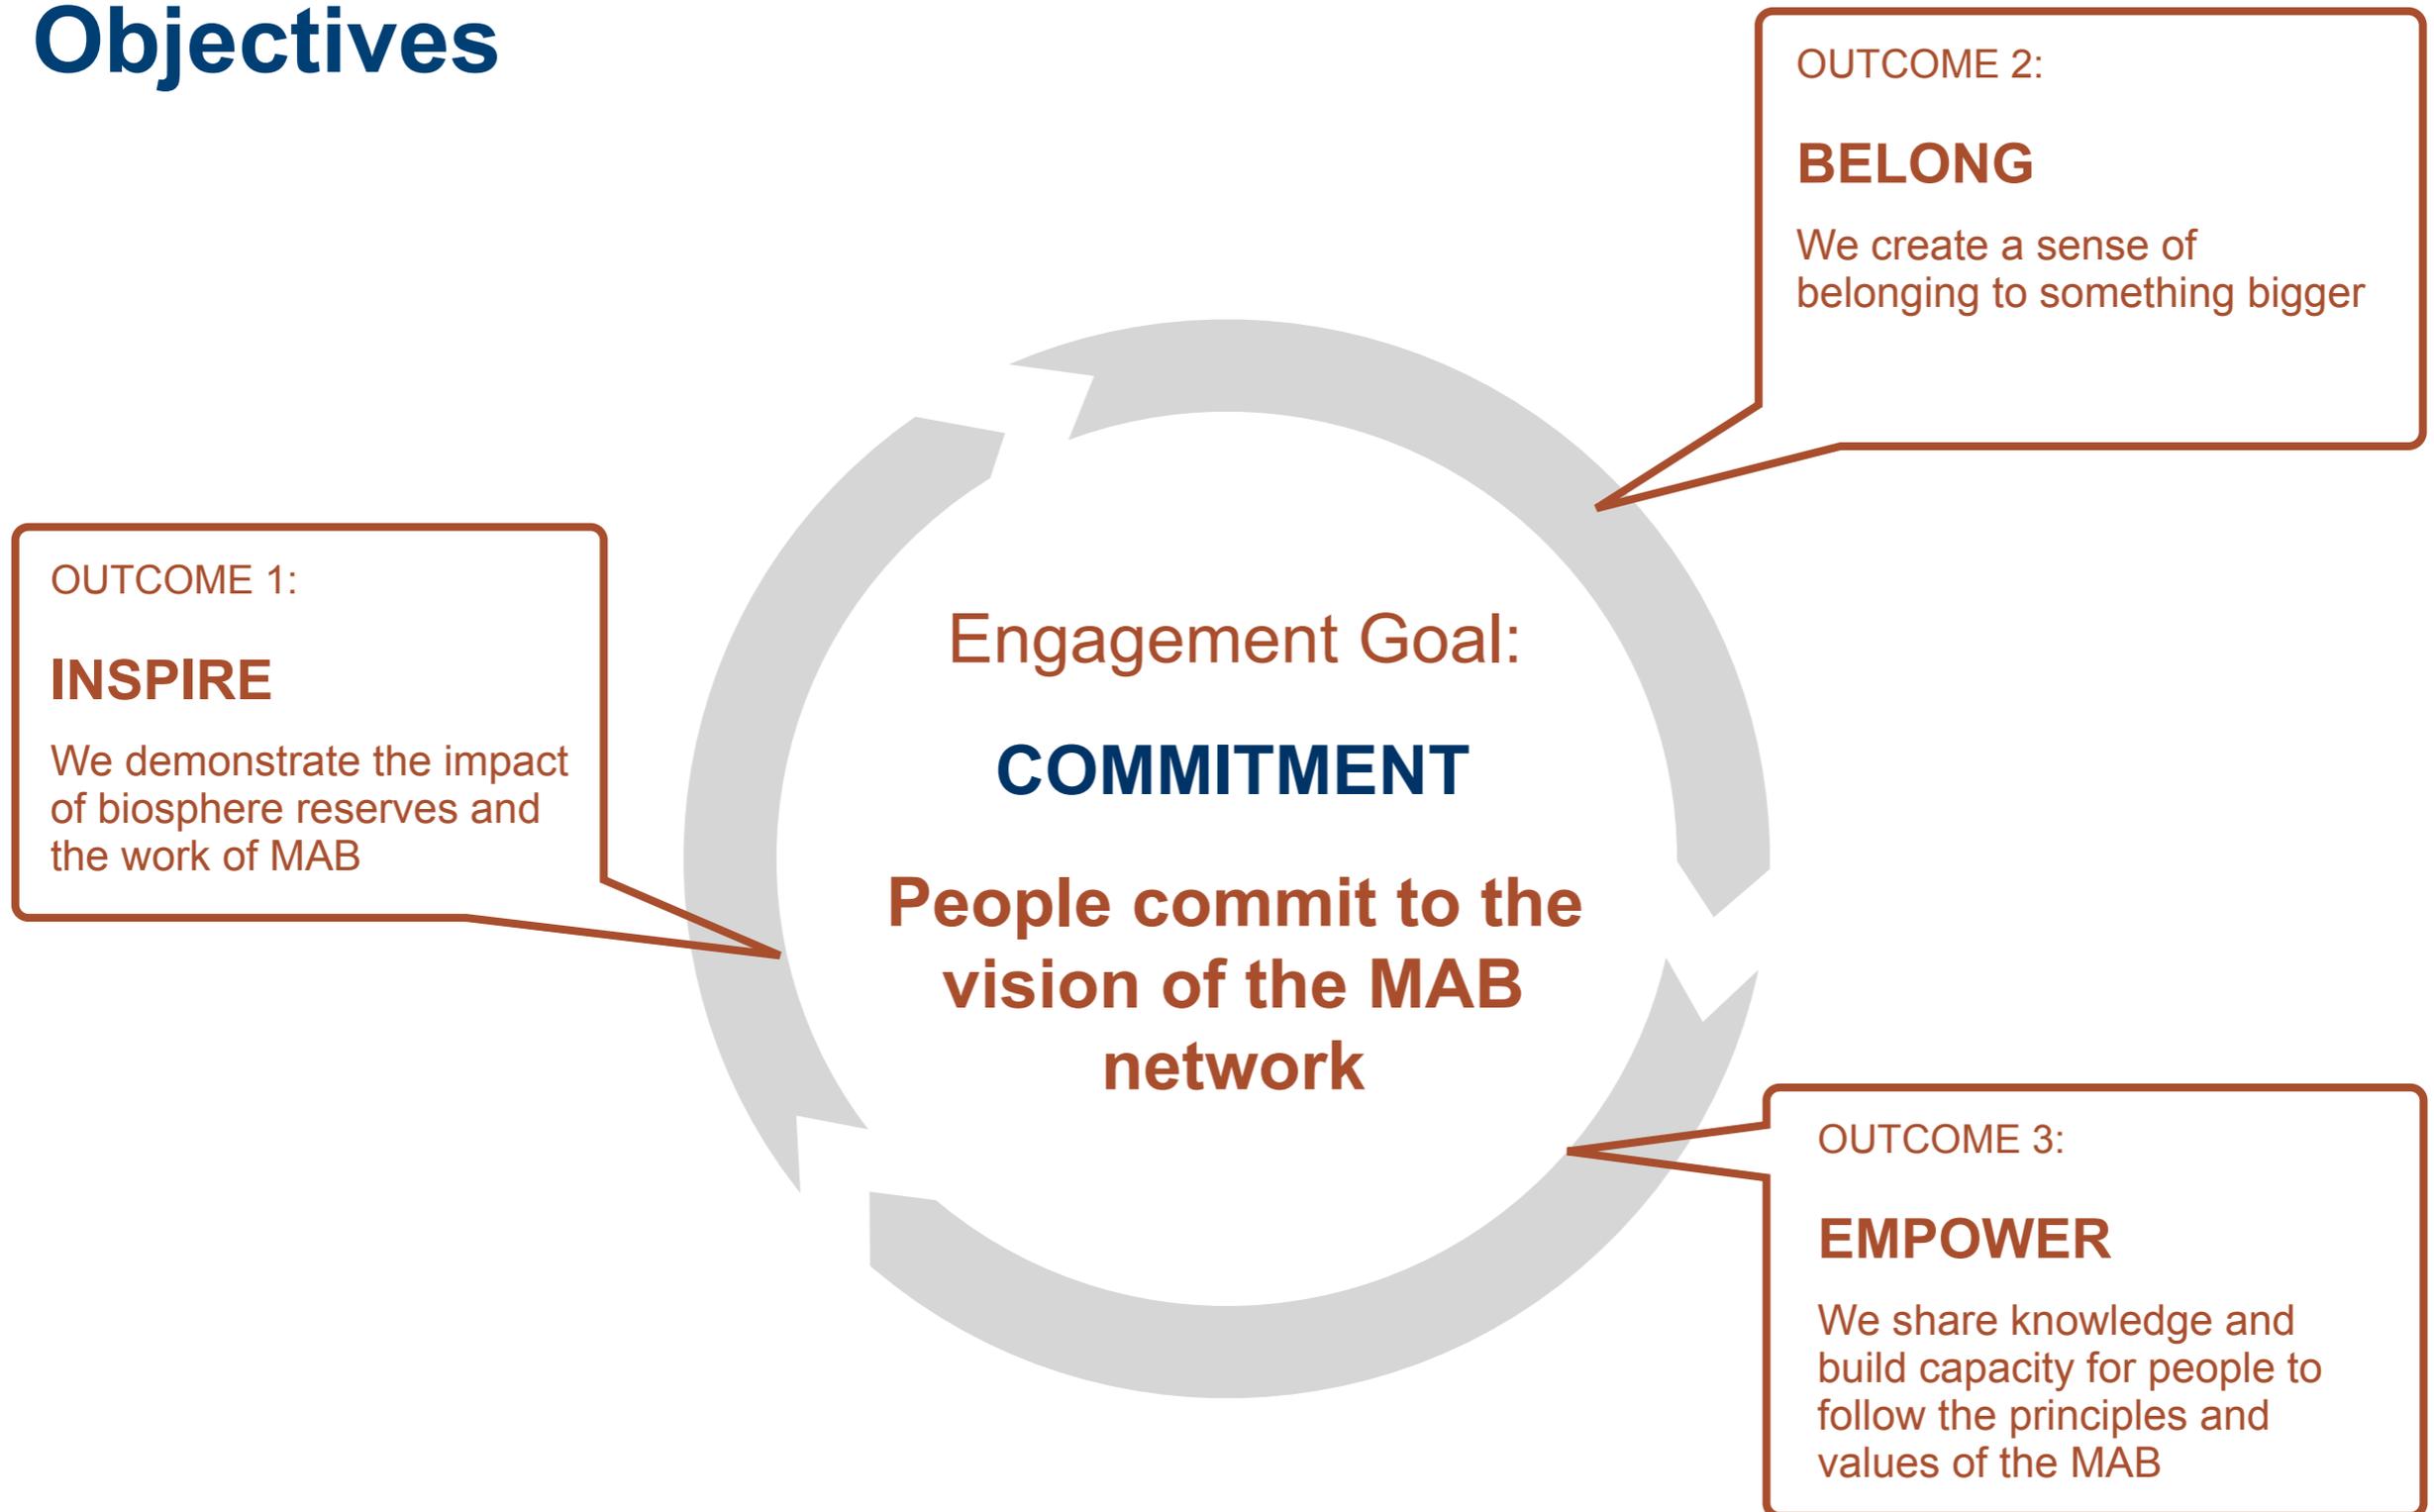

# Target audiences

**Who are the audiences that are most important to engage:**

- at the local biosphere reserve level and
- at the regional level

- List them out
- **BE SPECIFIC!**

# Global Engagement Strategy Objectives

# Audiences

	<b>Inspire</b> Demonstrate the impact of biosphere reserves and the work of MAB	<b>Belong</b> Create a sense of belonging to something bigger	<b>Empower</b> Share knowledge and build capacity for people to follow the principles and values of the MAB
<b>Which audience is most important to engage at the local level?</b>			
<b>Which audience is most important to engage at the regional level?</b>			

**GROUP:**

Create messaging

## What we have learned:

- Target your audiences & be specific
- Don't try to "talk" to everyone in the same way
- Choose the right messenger

## **STEP 1:**

**Discuss which one audience that you feel is most important to engage at both the local level and regional level**

**Make a choice & defend why**

## STEP 2:

What do we want audiences to think / feel / do under each of the engagement outcomes?

Use the three worksheets

# Do each sheet quickly!

## Inspire

Demonstrate the impact of biosphere reserves  
and the work of MAB

What do we want people to  
**THINK**

What do we want people to  
**FEEL**

What do we want people to  
**DO**

 AUDIENCE:

## STEP 3:

What messaging is most important for the audience  
at the local level?

At the regional level?

# Create messaging

<b>LOCAL LEVEL</b> What are your three most powerful messages?	<b>REGIONAL LEVEL</b> What are your three most powerful messages?
1:	1:
2:	2:
3:	3:

**GROUP:**
